Enjoy Life.

What a truly beautiful world we live in! Nature gives us grandeur of mountains, glens and oceans, and thousands of means for enjoyment. We can desire no better when in perfect health; but how often do the majority of people feel like giving it up disheartened, discouraged and worried out with disease, when there is no occasion for this feeling, as every sufferer can easily obtain satisfactory proof that Green's August Flower will make them as free from disease as when born. Dyspepsia and Liver Complaint is the direct cause of seventy-five per cent. of such maladies as Billiousness, Indigestion, Sick Headache, Costiveness, Nervous Prostration, Dizziness of the Head, Palpitation of the Heart, and other distressing symptoms. Three doses of August Flower will prove its wonderful effect. Sample bottles 10 cents. Try it. *

BOSCHEE'S GERMAN SYRUP can now be purchased right at home; it is the most successful preperation ever introduced to our people. It works like a charm in all cases of Consumption, Pneumonia, Hemorrhages, Asthma, severe Coughs, Croup, and all other Throat and Lung Diseases. No person has ever used this medicine without getting immediate relief, yet there are a great many poor, suffering, skeptical persons going about our streets with a suspicious cough, and the voice of consumption coming from their lungs, that will not try it. If you die, it is your own fault, as you can go to your Druggist .... and get a Sample Bottle for 10 cents and try it; three doses will relieve any case. Regular size only 75 cts. *

DENTISTRY.—Dr. Cool calls attention to the beautiful alluminium-lined vulcanite plates for upper and lower sets. The advantage of this work is that it is very thin, much stronger and lighter than the common plate usually worn; also, being a better conductor of heat and cold, it does not produce the iritation, sometimes caused by rubber or non-conducting substances. I make these sets for $35, something never before done, and guarantee my patrons that after once wearing one of them they will wear no other. The treatment of diseased teeth and fine operating I make a specialty. Teeth built up with pure gold to their natural contour; artificial crowns adjusted to roots in the best manner. Work of every description done anywhere I engage to do at the most reasonable prices *

Over 2,600,000 Now in Use.

The genuine Singer Sewing Machines can now be purchased on easy terms by monthly instalments, and cost but a trifle more than those of the most inferior and mushroom character. Our sales in 1877 alone amounted to 282,812, being a majority over all others. The records for 1878, when published, will show a yet greater increase. Regarding the merits of these machines the above undeniable facts speak for themselves. The machines can only be had through our office, the Singer Manufacturing Co.—J. H. MULLAN, Representative.—Office at Fawcett & Co.'s, Government street, Victoria, B. C. *

Blank Book Manufactory and Book Bindery.

Paper ruled to any pattern. Tickets Receipts, etc., numbered and perforated. Charts and maps mounted. The best classes of modern machinery employed. R. T. WILLIAMS, Government street, entrance through Messrs. Hibben & Co's store. *

PIANOFORTES.—A. B. Gray & Co. have received by "Rover of the Seas" a large consignment of Chappell & Co's Prize Medal Pianofortes. The celebrated instruments of these famed makers combine all the requisites of first-class instruments. They will be sold at decided bargains for cash, or may be purchased on the instalment system on most favorable terms. A few instruments may be obtained on hire.
* GOVERNMENT STREET, 21st March.

HOME MANUFACTURE.—Mr. H. Wilson, Government street, offers for sale the new Albion Range and a variety of heating stoves manufactured at the Albion Foundry. The largest assortment in Victoria. *

MUSICAL INSTRUCTION—Mrs. Thos. Sidney Wilson wishes to inform those who are desirous of the above that she continues to give lessons at her residence on Frederick street daily after 3 p.m. till 9 p.m., Saturdays excepted, when Mrs. W. can give lessons any hour after 9 a.m. Part of the time devoted to vocal instruction if desired. For terms apply at her residence on Frederick street, near St. Louis' College. Mr. T. S. Wilson gives instructions on the violin. *

ANOTHER WONDERFUL CURE

—EFFECTED BY—

California Elastic Truss!

CALIFORNIA ELASTIC TRUSS CO., W. J. Horne, Proprietor—Dear Sir; I feel that I owe it to you and to humanity to write the fact that I have been *SUBSTANTIALLY CURED* of a bad case of rupture of thirty years' standing, by one of your incomparable Trusses, which I purchased from you three months ago. I cannot describe the suffering, both physically and mentally, that I have undergone during that period; and now I feel like a new being. I have worn all kinds of Trusses, both Steel and Elastic, and never received any permanent relief until I tried yours. Its simplicity of construction, and facility with which it can be adjusted, and the ease and perfect freedom to the motions of the body with which it can be worn without causing any irritation, are its chief merits, and it is a perfect supporter. I have not had any sign of a return of the rupture since the first day I put it on and feel that I am *PERFECTLY CURED*. It is invaluable, and the fact should be known to the world. You can refer anyone to me on the subject of its merits
I am truly yours, ALFRED J. BURKE,

Daily Colonist.

TUESDAY MORNING, APRIL 8TH, 1879.

L. P. FISHER, 20 and 21 New Merchants' Exchange, is our authorised Agent in San Francisco.

POSITIVE ASSURANCE.

The telegram from Dr. McINNES, M. P. for New Westminster, which we publish this morning, is very gratifying. It conveys a positive assurance from the Ottawa Government that railway work will be commenced in British Columbia this season. No intimation is conveyed as to the particular route that will be adopted; whether the CARNARVON terms will be adhered to or new terms will be arranged; whether work on the Island line will be proceeded with or delayed, or whether it will be abandoned. The information is necessarily limited. It is improbable that the Government have themselves made up their minds on these (to British Columbia) important details. They may be safely left with the Ottawa Government. The simple, bald announcement that the good faith of the Government is pledged to begin the railway in British Columbia this season is sufficient to quicken every man's pulse and breathe new life and energy into every interest in the Province. The great stumbling block to active operations was removed when the round-robin of the Columbia members was presented on the 12th ultimo. The moment sectional and private differences were sunk in an earnest effort to promote construction the course before the Government became easy. We are not amongst those who anticipate a large expenditure for the present, but we look for great benefits to flow from the actual commencement of the line *somewhere* within the Province at an early date. If, to secure that desired end, the CARNARVON Terms must be sacrificed we shall say, "let them slide." If they can be maintained, so much the better. But whatever the policy may be—so long as it shall insure early commencement—the country must and will accept it.

THE CITY SURVEY.

Our esteemed contemporary continues to confound the survey of the city and the definition of the street lines with a boundary survey—that is, a survey that would define the city boundaries. The two things are as different in scope and bearing as the poles are apart. A survey that would define the boundaries of lots and prevent property-holders from building on each other's property would be a public blessing. A survey to determine the city boundaries would be an absurdity at this time. Every day, nearly, perplexing questions arise as to street lines. Several important buildings and a number of boundary fences are known to encroach on public thoroughfares, and it is notorious that many buildings encroach on adjoining lots. We can call to mind an expensive suit to recover three inches of ground upon which a citizen had erected part of the brick wall of his house; and when the range of brick stores on Government street opposite the Postoffice were put up part of the wall of a building on the next lot had to be removed because the lines had not previously been properly defined. Had that been done the expensive proceeding would not have been necessary. While property-holders ran up slight, temporary structures a foot or two either way mattered little; but now that substantial and permanent buildings are being erected it becomes of the utmost importance that no mistakes should be made. Hence the action of the City Council, which is deserving of all praise.

THE SUEZ CANAL.

The Suez canal has proved a highly profitable concern to those who went in at just the right time. The 400,000 shares of stock of a par value of 500 francs or $100, which once sold down to 100 francs each, are now quoted at over 700. The British Government bought 176,602 shares in 1875, which are now worth $5,000,000 more than when BEACONSFIELD took them. Most of the remainder of the stock is owned in France and by a large number of people. There are no locks in the canal, and the expense of operating it is small and growing smaller, while the revenue increased from 5,000,000 francs in 1870 to over 30,000,000 in 1877. LESSEPS, who has managed the enterprise from the start, thinks that the canal across the isthmus of Panama must be constructed without locks to yield any profit.

THE ADMINISTRATION OF JUSTICE.

The Leader of the Government informed the House yesterday that the Bill passed last session to make further provision for the administration of justice had been allowed at Ottawa. The measure, it will be remembered, provides for the appointment of two additional judges of the Supreme Court. It also provides that from and after their appointment the "County Court Ordinance, 1867," and the amending Act of 1869, shall apply to all parts of the Province and that every County Court shall be presided over by a judge of the Supreme Court. Not less than three of the Judges will be required to reside on the Mainland and all appeals from decisions given in the County Court will be heard by at least two judges.

The Mechanics Institute.

EDITOR COLONIST. — Allow me to offer a few remarks in connection with this subject. As a subscriber to the above Institute I heartily endorse the sentiments of "Mechanic" in his letter in last Sunday's issue, and I assure the gentlemen comprising the committee of management that we are not the only subscribers who coincide in this matter; nor are we unsupported in our opinions by non-subscribers. I could offer several very pertinent reasons why this Institute is not on a self-supporting basis; but not being desirous of placing myself in the position of dictator, I must decline to enumerate them. However, I consider a suggestion in regard to members' fees would not be out of place at present. The monthly rate of subscription is far too high to allow a great many persons to become members. This item alone is sufficient in itself not only to render an Institute (however laudable its object) non-self-supporting, but to tend to bring about disestablishment. Far be it from me to foreshadow so undesirable a result to our Institute. I merely submit these remarks for discussion in order that some more satisfactory system may be devised to meet the exigencies of business depression. The paucity of members of our library is mainly owing to the inability or unwillingness of individuals to subscribe one dollar per month for literary recreation. The directors would do well to take cognizance of this matter and take into consideration the advisability of reducing the rate of subscription to fifty cents per month. The result of this policy, would, I have every reason to believe, be the means of a material increase in the rate of membership, and it would recuperate the depleted finances of the Institute. In conclusion, I would call attention to the fact that the Mechanics Institutes in New Westminster, Nanaimo and in San Francisco receive only fifty cents per month subscription from their members.

THIRD PROVINCIAL ASSEMBLY.

Second Session.

MONDAY, April 7.

Mr. Speaker took the chair at 2 p.m.

ALLOWED.

Hon. Mr. Walkem said he was glad to be able to inform the House that the bill to provide for the better administration of justice, passed last year, had been allowed at Ottawa. (Hear, hear, from Government supporters.)

ADJOURNMENT.

Hon. Mr. Walkem moved that the House at its rising stand adjourned until two o'clock on Tuesday week. He would state that his reason for offering this motion was because three holidays would occur during the present week and one on Monday next. He hoped when the House met again information with respect to the railway policy of the Government at Ottawa would have been received. He felt sure that no hon. member would wish to return to his constituency without having first obtained some definite information as to this important question.

Mr. Mara alluded to the great inconvenience members from the interior districts had been put to by the unusual length of the session. He would like to know from the Premier whether the Government had taken any steps to impress upon the Ottawa Government the importance of communicating their railway policy as soon as possible? Had the Government informed the authorities at Ottawa that the House here had been kept in session from day to day, at great inconvenience to hon. members, awaiting the announcement of the railway policy?

Hon. Mr. Walkem replied that he had already sent several telegrams to Ottawa, the replies to which were similar in substance to what he had already stated, viz., that the Ottawa Government had been so completely immersed in the tariff question that they had not yet been in a position to announce their railway policy.

Mr. Mara asked the leader of the Government if he was not aware the tariff question had already been disposed of? Had he any assurance that the Ottawa Government would next proceed to deal with the railway question? Was it not possible that, having disposed of the tariff question, they would take the insolvency laws under their consideration?

The Attorney-General said that the Government had been engrossed in the consideration of two questions—the tariff and the question relative to the Governor of Quebec.

Mr. Wilson said that he hoped the Government would not go into insolvency immediately after dealing with the tariff question.

Mr Mara said if the remark was intended for a joke it was very much out of place and without point. (Hear.)

Mr. Smithe said if an adjournment was necessary at all it would be wiser, in his opinion, to adjourn for a fortnight at least, so that when the House re-assembled it might do so with a feeling of certainty that something definite on the railway question had been received and that the Government would have business ready for the House to proceed with.

Hon. Mr. Walkem said that, whilst there was a good deal of reason in what the hon. gentleman said, the convenience of up-country members must be considered. An adjournment for a fortnight would be inconvenient to them.

Mr. E. Brown requested that the House might adjourn until Wednesday week instead of Tuesday.

The leader of the Government consented and the motion thus amended was then carried.

CEMETERY BILL.

Hon. Mr. Walkem moved the House into committee of the whole to consider an act to provide for the management of certain cemeteries.

The bill was formally recommended by the committee.

Hon. Mr. Walkem moved that the Cemetery Companies Bill be recommitted in order that an amendment might be inserted to renew the power, vested in the Government by the Cemetery Ordinance of 1870, to appoint boards of trustees. The amendment was rendered necessary inasmuch as the bill just introduced might not meet with the approval of the House and in that case it would be desirable to keep the power referred to alive.

The bill was amended as suggested.

CASSIAR'S VOTERS' LIST.

Mr. Smithe asked the Attorney General if the Government have carried out the provision of the "Constitution Amendment Act, 1878," requiring the appointment of a collector of voters for Cassiar, in time to enable a list of voters for that district to be posted up on or before the 1st proximo?

The Attorney General said that a mistake had been made by the hon. gentleman in the date which, it would be remembered, had been altered to June 1st. The appointment alluded to would be made in time to enable a list of voters to be completed.

CASSIAR ASSIZE.

Mr. Abrams asked the Attorney General: Have the Government made any arrangement to hold a Supreme Court at Cassiar during the present season; if so, about what time will such court be held?

The Attorney General replied that no arrangements had yet been made.

MUNICIPALITY BILL.

Hon. Mr. Beaven moved the adoption of the report on the Municipality Bill, No. 28.

Mr. Williams moved that the report be adopted this day six months. (Laughter.)

Mr. Abrams said if the amendment was in order he would second it.

The report was adopted.

Hon. Mr. Beaven moved the third reading of the Bill.

Mr. Drummond objected. It was not in accord with the wishes of his constituents.

Mr. Williams said the Bill was one for the purchase of votes. It was framed for a certain set of people. If a man paid $5 he could buy a vote, but if he paid only $2 he could not. He reiterated his arguments in favor of a household qualification.

Mr. Wilson would suggest that the Bill be amended so that all municipalities might have the power of imposing a $5 road-tax. He would like also to catch the householders—men who were situated like the Provincial Secretary and the Premier.

Mr. Drummond, rather than see the Bill pass in its present form, would move to give it a six months' hoist. He did not desire to see the Bill killed, but the unjust provisions it contained left him no alternative. He would quote from the Consolidated Statutes of 1877. He always gave his authority and in this respect was not like some hon. members who made quotations but did not give the author's name.

Mr. Wilson—What is the author's name of the work?

Mr. Drummond—Finis; you will find it at the end of the book. (Laughter, and a voice—Another *quietus*.)

Mr. Wilson was not aware that the House had accepted the Consolidated Statutes as authoritative. (Cries of oh! and chair.)

Mr. Drummond, continuing, said he had just heard that an amendment was about to be offered. He would withdraw his six months' hoist. (Hear.)

Mr. Evans said that he desired to amend the Bill, but as it was not yet printed it was impossible to do so. It was unfair to ask members to pass the Bill a third time without copies before them.

Hon. Mr. Humphreys hoped Mr. Speaker would not allow the Bill to be read a third time until it had been placed before the House in its amended form.

Mr. Ash asked if there was anything before the House.

Mr. Speaker—There will be in a minute or two. (Laughter and hear.)

Mr. Ash would ask leave to introduce a Bill to amend the Medical Ordinance, 1867.

Discussion on the Municipality Bill was dropped and Mr. Ash's Bill was read a first time.

REVENUE BILL.

Hon. Mr. Beaven moved the recommittal of this Bill to introduce an amendment providing that a time register shall be kept in the department to which it belongs instead of all the registers being kept and signed in the Treasury Department.

Mr. Ash said that it was a very unnecessary piece of humiliation to ask officials to attend the Finance Minister's office to sign a register four or five times a day.

Hon. Mr. Beaven said the practice was followed at Somerset House.

Mr. Ash did not suppose the Finance Minister had ever been to Somerset House. (Laughter.) He was sure such petty regulations as those inaugurated by the present Government were driving all the best men out of the Civil Service. The feelings of officials should be considered.

Mr. Williams said that one would think officials was running the machine. (Dr. Ash—So they do.) Well, he would take care if he was head of a department to let them know who was a-running it. He'd let them know they were not the bosses as they had been under Elliott's Government. (Laughter.)

After further discussion the amendment was inserted and the Bill was reported and read a third time.

FEES OF SHERIFFS BILL.

This bill, authorizing the sheriff to collect fees pertaining to his office which have recently been collected by the Government, was committed, Mr. McGillivray in the chair.

Mr. Walkem said he wished to see the office of sheriff a paying one. A clause added to the bill imposes a fine of $100 on the sheriff if he shall charge more fees than he is entitled to by law.

The bill was reported complete with amendment and was then read a third time and passed.

LICENCES AMENDMENT BILL.

Mr. Beaven would move to amend subsection 2 so as to read, "by every person engaged in peddling or hawking any fish, game or vegetables." The clause so amended would reach the Chinese who are vegetable peddlers.

Mr. McIlmoyl thought the amended clause would not be an improvement; rmended as proposed by Mr. Beaven it would interfere with the farmers.

Mr. Helgesen agreed in opinion with Mr. McIlmoyl. Farmers had a right to peddle their beef and mutton if they pleased.

The amendment was withdrawn.

Subsections 9 and 11 were struck out.

The report was adopted and the bill ordered to be printed.

THE CEMETERY ORDINANCE.

This bill was read a third time and passed.

CEMETERY ACT, 1879, (No. 33.)

Mr. Walkem said he recommended slight improvements in several clauses to make them more intelligible, and to compel the making of proper fences and to provide their being kept in good order.

Bill committed, Mr. E. Brown in the chair.

Mr. Walkem moved that the amendments be taken as read.

Mr. Ash moved that the words "of Christians" be struck out.

Mr. Walkem—Section 31 is the work we are are now considering.

Mr. Smithe—The point made by the member for Cariboo was a potent one. The different Christian denominations will insist on having burial places of their own, but under this bill they are denied the right.

Mr. Evans' motion was carried and the words "of Christians" struck out.

The bill was then reported complete with amendments and the report was adopted.

It was then read a third time and passed.

THE JUDICIAL DISTRICT BILL.

Was allowed to stand over.

JUDICIARY.

Mr. Walkem laid before the House a dispatch from the Secretary of State and and a telegram referring to the Judiciary Bill of 1878.

CHINESE.

Mr. Williams moved that an address to the Dominion Government be passed by this House setting forth the baneful effects of the presence of Chinese in our midst and the necessity of such measures being adopted as will effectually prevent their future immigration here.

Mr. Smithe thought the resolution insufficient and useless. He would recommend a proper resolution.

Mr. Wilson thought the suggestion a good one, but would like to see something more impressive.

Mr. Humphreys said nothing could be nicer or more proper than the proposal of Mr. Williams who intended that a committee be appointed to draw up the address. He would ask the mover to name three persons to draw up a resolution.

Mr. Williams would name the Attorney-General, Capt. Evans and Mr. Humphreys.

Hon. Mr. Walkem wished to add the name of Mr. Wilson.

Capt. Evans did not think a person who employed Chinamen should be on the committee.

Mr. Galbraith said he believed Mr. Wilson had a great deal to do and would not wish to have his name on the committee.

The name of Mr. Humphreys was struck out and the name of Mr. Wilson put in its stead.

The House then adjourned until 2 o'clock on Wednesday, the 16th inst.

Municipal Police Court.

[Before Hon. A. F. Pemberton and His Worship the Mayor.]

MONDAY, April 7.

ILLICIT STILL.

Gustave Christopher Sheerar, on remand for possessing an illicit distillation.

Mr. E. Johnson represented the Revenue Department, and Mr. T. Davie defended the prisoner.

Capt. H. B. Good appeared in court and swore a new information.

Mr. Davie said the prisoner appeared on remand.

After some legal eloquence had been displayed the prisoner was discharged and a warrant issued for his arrest on the information of Capt. Good.

Mr. Dupont proved that he saw the prisoner in Steinberger's house near the distillery. Wm. Gregory was with witness at the time. Sheerar acknowledged that he was in the employment of Steinberger.

Edward St. Germain—Know the prisoner; saw him on the Steinberger ranch about the 1st of November last. Witness lived for five months on the farm and the prisoner was there nearly all that time.

Mr. Johnson—Did you see anybody use the still?

Witness—Yes.

Mr. Davie—Is the witness to criminate himself?

Mr. Johnson—He may have been an innocent spectator.

Witness—I saw the still used for distilling liquor by Mr. Steinberger, and he continued to use it all the winter. He (witness) delivered some of the liquor in town. He brought a keg to Mr. Nicholson, who refused to take it. They used to treat me three times a day; the prisoner was all the time assisting in the distillery. We were good friends then.

Cross-examined by Mr. Davie—Did you assist in making the whiskey?

Witness—Yes; brought some to the Royal Oak; quit work and got out of gaol yesterday; lives on his money; never saw the day he had no money until this winter; may take a hundred head of cattle or a hundred barrels of whiskey to Cassiar; had no money until this morning; made lots of money trading with the Indians. The day before he left Steinberger's farm had a quarrel with him and the prisoner.

Witness signed a copy of his testimony and then proceeded to make a speech. "God save the Queen, Louis Napoleon, etc." A policeman took him aside.

Mr. Davie asked the Court to adjourn for an hour. He wished to produce authorities to show that in no case will there be a conviction on the unsupported testimony of an accomplice. Mr. Dupont saw the prisoner in Steinberger's house, but has not given any testimony to show that the prisoner was employed in the distillery.

Mr. Johnson asked to have the witness bound in his own recognizance to appear.

Mr. Davie recommended him to be sent to the lunatic asylum for safe keeping.

The prisoner was ordered to find sureties in the sum of $250 each to appear for trial.

Two draymen, for driving a horse and dray furiously through the streets of Victoria.

The judge cautioned the accused to be more careful in future and discharged them.

The Court then adjourned till 10 o'clock on Tuesday morning.

Launch of the Skidegate.

The new steamer recently constructed for the Skidegate Oil Co. was launched yesterday afternoon from Messrs. Clark & Co.'s shipyard. As she glided into the water she was christened "Skidegate" by Master Willie McKeon. Her dimensions are as follows: length, 76 feet; breadth of beam, 15 feet, and depth of hold 6 ft. She is fitted with 40-horse power high pressure engines and is a beautifully moddled propeller. The workmanship reflects great credit on Messrs. Clark & Co., the contractors and builders. The boiler and machinery were made by Mr. J. Spratt, of the Albion foundry, and as is usual with Mr. Spratt's work, they are a credit to the local manufactory. They will be placed in position immediately and the steamer will make her trial trip to New Westminster in a week, returning at once to this place. She will then, in company with the schooner Kate, laden with retorts, tanks and boiler, fishing outfit, men and supplies, proceed to Skidegate, Queen Charlotte Islands, to establish steam works for the purpose of manufacturing dog fish oil, and the opening up of other industries in connection with fishing establishments. Success to the enterprise we say.

THE report that the steamer Victoria had been taken off the Nanaimo *route* to receive repairs at San Francisco was incorrect, or at least somewhat premature. At about half-past six on Sunday evening she was seen off Beacon Hill passing up the Straits, apparently bound for Nanaimo. It seems, however, that she had not at that time taken a pilot on board, as at 9 p.m. she blew her whistle several times, burnt a light and fired a rocket off the mouth of Esquimalt harbor. She must therefore have deemed it prudent to return for a pilot. Having secured the services of Capt. Urquhart she proceeded to her destination to receive a cargo of coal for San Francisco.

THE ACCIDENT OFF CAPE FLATTERY.—We have received the following particulars of the drowning of the sailor off the schooner Favorite: The accident occurred at 12 o'clock at night on the 19th ult., when the vessel was off Cape Flattery. A stiff breeze was blowing and the deceased was standing forward when he was knocked overboard by the jib-sheet, which had been let go. Efforts made to rescue him proved unavailing. His name was J. F. D. C. Behrens, a native of Oldenburg, Germany, aged about 35.

PERFECTION.—In this play, to be presented at the Mechanics Literary Institute on the 17th inst., Mr. Robert Ward will enact the *role* of Sir Lawrence Paragon, and Mr. A. W. Jones that of Charles Paragon. Our placing of this part on the cast having been incorrect.

FOR THE CAPE.—The bark Staghound, lumber laden from Hastings Mill and bound for the Cape of Good Hope, will sail to-morrow or early on Thursday morning.

Workingmen's Protective Association.

The regular quarterly meeting of this Association was held at Central Hall last evening, when the following officers were elected for the ensuing three months:—President, W. Healey; vice-president, J. McNerhanie; secretary, R. H. Dyas; treasurer, J. Walker; assistant secretary, F. Beegan; marshal, J. Donley; inside guard, R. Copeland; outside guard, —Cathcart; finance committee, Messrs. N. Shakespeare, W. Healey, F. Beegan, Anderson and J. McLeod; room committee, Messrs. Thorean and McQuade. The following address was presented to the retiring president:

To Mr. N. Shakespeare, President of the Workingmen's Association:—

DEAR SIR:—We the members of the above association wish to express our thanks for the great energy and zeal you have manifested in the building up of our association, and for the very impartial manner in which you have presided over our meetings for the last six months. We assure you we have every confidence that you have done all in your power to carry out the objects of this association. We are sorry you have declined renomination as President, but hope at no distant date to see you filling that position again which you have filled with fairness and credit both to yourself and the Association.

THE ENTERTAINMENT THIS EVENING.—The entertainment to be given this evening at Broughton street school-house in aid of the Presbyterian Church organ fund will be the final one of the series. It is to be supposed, therefore, that strenuous efforts will be made to render it a crowning success and that the programme will be unusually attractive. One of its principal features will be the appearance of Mr. Jno. Stewart as "O'Toole" in "The Irish Tutor." This alone will secure a very numerous attendance.

COLONIAL HOTEL, JOHNSON STREET.—Messrs. Garnier & Merz, proprietors of this establishment, have been most fortunate in securing the services of Messrs. Mangold & Kurtz, fresco painters, who have decorated the walls and ceilings of the billiard and bar-rooms in a beautiful and artistic manner. The place is well worth visiting if for nothing else than to see these handsome paintings.

THE WEEKLY ISSUE OF *The Colonist* is ready this morning for the outward bound mails. It is a splendid number, containing all local news of importance, the very latest telegraphic dispatches from the four quarters of the globe and the revised tariff in detail. It may be had at the office of publication and at the principal book-stores.

UPSET.—A sailboat in which were two men with some packages of goods, was capsized about ten o'clock yesterday morning near the ferry. One of the men clung to an oar and the other to an empty box, until both were picked up by two Indians who promptly manned a canoe and proceeded to the rescue.

VICTORIA Garrison Artillery and Nos. 1 and 2 Companies Victoria Rifles, will meet at the drill shed this evening at 7:30 sharp for the purpose of marching out. The band will be in attendance and suitable refreshments provided.

PASSOVER.—The Jewish feast of the passover commenced at sunset last evening.

FOR FORT WRANGEL.—The steamer Grappler is announced to leave to-morrow morning for Fort Wrangel.

A Clever Thief.

Two young men, according to a Paris paper, were recently seated in front of a cafe on the Boulevarde, when one of them, named Lucein W., informed his friend that he had just come into possession of 5,000 francs, adding that the 5,000 francs, in bank notes, were safely locked up in a drawer in his room, and he should not then trouble himself with business. He had a sum of fifty francs in his pocket, with which he proposed that he and his friend should go to Asnieres and enjoy themselves with boating, dining, a ball, etc., and not return until two o'clock in the morning.

At a table close to them was a well-dressed man, who, although apparently absorbed in the perusal of his journal, did not lose a word of the conversation. He was an accomplished thief, named R., alias "The Aspic," who had but recently returned from a tour in the Provinces, which he had found it necessary to make in order to withdraw himself from the observation of the police. The bait of 5,000 francs was too tempting for him to resist, and he immediately resolved to obtain possession of it.

Having noticed that Lucien W. had placed his hat on a stool at a short distance from him, the Aspic adroitly substituted his own for it, and after paying for what he had taken, walked out. He knew that the 5,000 francs were deposited in a drawer in the young man's room, and the address of that room he hoped to find by means of the name at the bottom of the hat. Seeing the hatter's address he went to his shop and told him that he had on leaving a restaurant, taken a hat which did not belong to him, and which he was anxious to return to the owner, if the hatter happened to know the address of the customer.

The information was readily obtained, and in a very short time after the thief had paid his visit to the apartment of Lucien W., and gained possession of the money. About an hour after the young man came to the hatter's also, and was informed of what had occurred, but, not thinking of any danger for his money, he merely bought a hat, and with his friend proceeded to Asnieres.

On his return home at night he discovered his loss. Information was immediately lodged with the police, and, from the description of the man given by the hatter, he was, on the following day, arrested while on a party of pleasure, which he had also devised with some friends, to the river side. In his pockets were found the 5,000 francs, minus 400 francs, which he had expended.

SURRENDER OF CETTEWAYO'S BROTHER.

REINFORCEMENTS ARRIVING IN SOUTH AFRICA.

Bismarck and the Vatican.

EUROPE.

LONDON, April 6.—The steamship Kangaroo, with part of the cable to be laid between Natal and Aden, will leave to-morrow for Natal *via* the Suez Canal. The Natal and Zanzibar section will be open for business in July. This will place South Africa within one week's communication of London. The remainder of the line will be completed before the end of the present year.

ROME, April 6.—Cardinal Nina, papal secretary of state, has received an important dispatch from Bismarck. The difficulties preventing an understanding with Germany are probably ended.

LONDON, April 6.—A correspondent at Berlin says that the Russian police have arrested one Baitkwitch, a Polish Lithuanian, who is supposed to be the person who shot at the Chief of Police at Drentelm. The latter has received more threatening letters. He has proffered his resignation to the Czar who declined to accept it.

AFRICA.

CAPE TOWN, March, 18.—Oham, Cettewayo's brother, with his eldest son and 300 warriors, surrendered unconditionally on the 2nd of March and are now in Col. Woods' camp. Oham is supposed to be an aspirant to Cettewayo's throne. There has been no important military movement against the Zulus. Ekowe is still surrounded, the road leading thereto being defended by a large force of Zulus. Colonel Law is still on the lower Tugela river. His force consists of three companies each of the 30th and 88th regiments and a portion of the naval brigade of the iron-clad Shah. The 57th regiment has landed at Durban from Ceylon and is now marching to join Colonel Law.

The latest intelligence from Ekowe is that Cettewayo is organizing a large army at the royal kraal. The 91st Highlanders arrived at Durban on the 16th of March, a battalion of the 60th rifles at Cape Town on the 15th of March, and a battery of artillery at Simon's Bay on the 17th of March. Sir Bartle Frere has gone to Pretoria. Two forts on the border of chief Sococoni's country have been evacuated by the British.

CAPE TOWN, April 6.—Oham surrendered in Swazieland on March 4th. It was first falsely reported that his overtures for a surrender were a ruse to cover his retreat to Swazieland. Oham expressed a conviction that Cettewayo will wait further action of the British before moving in any way. The Boadicea has landed 200 sailors at Port Natal.

English Mail.

[Per Steamer Isabel.]

Two hundred and eighty maiden ladies were ruined by the failure of the West of England bank.

They have an educated seal at the Westminster Aquarium which plays the guitar, beats a tambourine, climbs a flight of steps and takes a "header" from the top, smokes a pipe, fires a revolver and draws a boat to which it is harnessed, entering eagerly into the fun.

The London *World* relates the following "instance of the British workman's marvellous foresight and consideration for the master's interests: One of the largest machinists in the country recently purchased a valuable invention for making railway carriage and other springs by machinery, but his workmen positively refused to avail themselves of it. It ended in his sending the contrivance to Belgium, together with suitable material, and the springs are actually made there and returned to this country."

A Mr. Cavendish having lost £8,000 at a single sitting at ecarte in the Hanover Square Club-rooms, an investigation was made into the conduct of the three gentlemen with whom he was playing. The result was a report by the committee in favor of expelling Mr. Skipton, and recommending Mr. Franklyn to resign. The other gentleman was only a visiting member for a limited period, which had expired when the committee's report was made.

WHAT THEY SAY OF IT! A FEW FACTS FOR THE PEOPLE.—There are but few preparations of medicines which have withstood the impartial judgment of the people for any great length of time. One of these is Dr. Thomas' Eclectric Oil. Read the following and be convinced:—Thomas Robinson, Farnham Centre, P.Q., writes, "I have been afflicted with rheumatism for the last ten years, and have tried many remedies without any relief, until I tried Dr. Thomas' Eclectric Oil and since then have had no attack of it. I would recommend it to all."—J. H. Earl, Hotel Keeper, West Shefford, P.Q., writes, "I have been troubled with liver complaint for several years, and have tried different medicines with little or no benefit, until I tried Dr. Thomas' Eclectric Oil, which gave me immediate relief, and I would say that I have used it since with the best effect. No one should be without it. I have tried it on my horses in cases of cuts, wounds, etc., and think it is equally as good for horse as for man." A. Maybee, Merchant, Workworth, writes, "I have sold some hundreds of bottles of Eclectric Oil, and it is pronounced by the public, 'one of the best medicines they have ever used;' it has done wonders in healing and relieving pain, sore throats, etc., and is worthy of the greatest confidence."—Joseph Rusan, Township Percy, writes, "I was persuaded to try Dr. Thomas' Eclectric Oil for a lame knee which troubled me for three or four years, and I never found anything like it for curing lameness. It is a great public benefit.

BEWARE OF IMPOSTERS.—Ask for Dr. Thomas' Eclectric Oil. See that the signature of *S. N. Thomas* is on the wrapper, and the names of Northrop & Lyman are blown in the bottle, and *Take no other*. Sold by all medicine dealers. Price 25 cents. NORTHROP & LYMAN, Toronto, Ont., Proprietors for the Dominion.

Come ye citizens and strangers,
Miners, sailors and Western rangers,
Listen to the truthful story,
Of Frank Campbell of Victoria.
He in truthful words will tell you
Just the goods he has to sell you.
Mind ye now he isn't joking,
If you are fond of chewing and smoking,
Or if you are given to snuffling,
What he keeps does not need puffing.
He has brands will suit you really,
Tobacco users prize them dearly;
From all parts of the "Old Dominion"
He has stock, and his opinion
Is that none can suit you better
They will please you to the letter.
His Cigars, just from 'Ih vana,'
Smoke in the most lovely manner;
Meerschaum pipes of style and fashion
Just to suit each taste and passion;
And it is in Canada stated,
His Tobaccos are celebrated;
Green Seal, Straight Cut, all go,
Big Lick, Big Cut, Wind Sap, also
All the Fine Cut Brands for chewing
That your teeth will never ruin;
Pipes to suit the inveterate smoker
Cards for playing sinch or poker,
Pipes of briar and stems of cherry
More than any man can carry;
It would take a week to tell you
All the things he has to sell you.
While in town you may be stopping
At the "Adelphi Corner" drop in;
Campbell you'll find at that location
Ready to give you information,
Or to see you well provided,
With what is by all decided,
The smoker's and the chewer's glory,
The best and cheapest in Victoria.

F. CAMPBELL.

DYSENTERY, CHOLERA, FEVER AGUE, COUGHS, COLDS.
DR. J. COLLIS BROWNE'S
(Ex Army Medical Staff.)
CHLORODYNE
IS THE ORGINAL AND ONLY GENUINE.

CAUTION.—Vice-Chancellor Sir W. P. Wood stated that Dr. J. COLLIS BROWNE was undoubtedly the inventor of CHLORODYNE; that the story of the defendant, Freeman, being the inventor was deliberately untrue, which he regretted had been sworn to. Eminent hospital physicians of London stated that Dr. J. Collis Browne was the discoverer of Chlorodyne; that they prescribe it largely, and mean no other than Dr. Browne's.—See *Times*, July, 12, 1864.

The Public, therefore, are cautioned against using any other than
DR. J. COLLIS BROWNE'S CHLORODYNE.

REMEDIAL USES AND ACTION.

This invaluable remedy produces quiet, refreshing sleep, relieves pain, calms the system, restores the deranged functions, and stimulates healthy action of the secretions of the body, without creating any of those unpleasant results attending the use of opium. Old and young may take it at all hours and times when requisite. Thousand of persons testify to its marvellous good effects and wonderful cures, while medical men extol its virtues most extensively.

CHLORODYNE is admitted by the profession to be the most wonderful and valuable remedy ever discovered.

CHLORODYNE is the best remedy known for coughs, consumption, bronchitis, asthma.

CHLORODYNE effectually checks and arrests those too often fatal diseases—diphtheria, fever, croup, ague.

CHLORODYNE acts like a charm in diarrhœa, and is the only specific in cholera and dysentery.

CHLORODYNE effectually cuts short all attacks of epilepsy, hysteria, palpitations and spasms.

CHLORODYNE is the only palliative in neuralgia, rheumatism, gout, cancer, toothache, meningitis, &c.

EXTRACTS FROM MEDICAL OPINIONS.

The Right Hon. Earl Russell communicated to the College of Physicians and J. T. Davenport, that he had received information to the effect that the only remedy of any service in Cholera was CHLORODYNE.—*See Lancet*, Dec. 31, 1864.

From A. Montgomery, Esq., late Inspector of Hospitals, Bombay.—"CHLORODYNE is a most valuable remedy in Neuralgia, Asthma, and Dysentery. To it I fairly owe my restoration to health, after eighteen months' severe suffering, and when other remedies had failed."

Dr. Lowe, Medical Missionary in India, reports [December, 1865] that in nearly every case of Cholera in which Dr. J. COLLIS BROWNE'S CHLORODYNE was administered, the patient recovered.

Extract from the General Board of Health, London, as to its efficacy in Cholera.—"So strongly are we convinced of the immense value of this remedy, that we cannot too forcibly urge the necessity of adopting it in all cases."

See leading article, *Pharmaceutical Journal*, Aug. 1, 1869, which states that Dr. J. Collis Browne was the inventor of Chlorodyne; that it is always right to use his preparation when Chlorodyne is ordered.

CAUTION.—None genuine without the words "Dr. J. COLLIS BROWNE" on the Government Stamp. Overwhelming medical testimony accompanies each bottle.
Sole Manufacturer, J. T. DAVENPORT, 33, Great Russell Street, Bloomsbury, London.
Sold in bottles at 1s. 1½d., 2s. 9., 4s 6d. and 11s.
